

Join the ranks of highly decorated packages. Enlist at Patton Headquarters.

For expert package decoration you need a single-source supplier that provides packaging options. And Patton is the only supplier with a complete arsenal of labeling capabilities. We offer pressure-sensitive, in-mold, shrink and promotional labels; the most innovative label designs; the finest quality printing; advanced technologies; custom constructions; and every printing process. We also target your special production needs. Patton is armed with an extensive line of pressure-sensitive and shrink labeling machinery.

So when you want decorating options, you don't have to call an army of suppliers. Everything you need for 5-Star packaging can be found at Patton Headquarters.

In fact, we can help you map out a complete labeling strategy to help you get the best type of decoration for your product. The most

effective printing process for your label. And the best labeling system for your operation. All without the hassle of battling with too many suppliers.

So enlist at Patton Headquarters. Because when your packages are decorated by Patton, your products will always command the front line.
